

Mineral Shock

A reduced toxicity alternative to strong acid-based cleaners.

"We've been using EnviroX products for 13 years now. Mineral Shock gives us a safer alternative to acid-based products for mineral deposits and rust removal. It even helps us clean windows with hard water deposits from rain."

- Kris, Facilities Manager

**Mineral Shock
Concentrate**

**Green Certified
Mineral Shock
Ready-to-Use**

A highly effective mineral deposit, hard water and soap scum remover without the harsh fumes and high toxicity.

Contains a unique, reduced toxicity, acid-replacement technology consisting of a low pH organic salt and safe degreasing agents.

Use on:*

- | | | |
|----------------|-------------------|-------------------|
| • Sinks | • Stainless Steel | • Terrazzo |
| • Showers | • Aluminium | • Porcelain |
| • Tubs | • Copper | • Glass |
| • Toilets | • Brass | • Fiberglass |
| • Urinals | • Concrete | • Water Fountains |
| • Tile & Grout | • Brick | |
- Cleans rust, hard water scale, lime, soap scum and urine salts.
 - Biodegradable. Non-corrosive to skin. Non-fuming.
 - Plant-derived renewable resource ingredients.

Before

After

Simplicity.

- Bowl cleaners and strong acid-based products are some of the most difficult and hazardous products to use. Replace them with a safer alternative and reduce the hazards to your people & facility.

Amazing Results.

- Unique acid-replacement technology delivers excellent results without the harsh fumes and dangerous acids.

Savings.

- Pair Mineral Shock with one of our multi-purpose products for a complete, low-cost, 2 product system that includes hard water and soap scum removal. Replace dozens of expensive specialty cleaners.

*Use Precautions: Make sure to rinse surfaces after soil is removed. Prolonged contact can cause damage. Do not use on marble or polished granite surfaces.

Pure Crafted®

At Envirox, we are passionate about people.

We believe that clean doesn't have to come at a health cost; you can have a safe, low-toxicity, healthy facility without sacrificing cleanliness, quality or ease of use.

That's why our Pure Crafted® products are carefully formulated to contain only the minimum amount of surfactants needed. This means our products are safer, healthier and leave far less residue than typical cleaners. No more sticky surfaces that get dirty quickly and can harbor bacteria and viruses. Plus, you can instantly simplify your cleaning program, reduce costs and get excellent cleaning results.

This is the core of Envirox's product development philosophy and our promise to you. Excellent cleaning results— with no harm to your people, your facility or your budget.
